

PIN:KING - Business Proposal

Unmanned Self Hair Styling Kiosk

1. Brand Overview

PIN:KING is Korea's first unmanned self-service hair styling station.

Available anywhere: tourist spots, photo booths, and pop-up stores.

2. Core Competitiveness

- 3 Patents (BM / Technology / Trademark)
- Intuitive touchscreen UI with auto power control
- Smart UV sterilization system

3. Business Benefits

- Zero initial cost: rental / revenue-share options
- 100 percent unmanned operation, transparent settlement
- Maximize space efficiency with just 1 pyeong
